SIGNAGE & PRINTING

YOUR PRINTING SOLUTION FOR YOUR INDUSTRY

THE SAFETY SIGNS you need to meet WHS requirements and keep people safe in your workplace.

DMI safety signs have been categorised into 6 main types to apply a consistent design across similar functions. By understanding the types of signs and their purpose, you can determine what you need in your workplace and where to display them.

- PROHIBITION
- MANDATORY
- DANGER
- WARNING
- EMERGENCY/INFORMATION
- FIRE

SAFETY SIGNS

Are an important step in ensuring that workers, employees and anyone in the vicinity of a work area has been made aware of dangers that are around. These signs act as a warning marker, helping people be more aware of their surroundings and in general more cautious to help ensure appropriate steps are taken for protection. There are different printed posters and various other signage to choose from, helping you to pick out the appropriate one for your location or upcoming job.

SERVICE

With extensive experience in the manufacturing, mining, food production, and printing & signage industries, DMI Industries understand the needs of our customers. We know that there are deadlines to meet, budgets to stick to and unexpected things popping up all the time.

DMI Signage & Printing can design, print and install all your business and safety signs. We offer onsite inspections to help you determine your safety signage requirements.

We have built our business on a foundation of responding to the precise needs of our customers, delivering products of the highest quality, on time and on budget. We work collaboratively with our clients ensuring you have exactly what you want at an agreed price and, with an average 24hr. turnaround, our timely delivery or installation will ensure minimal disruption to your business.

Dealing directly with the manufacturer also means that we can offer competitive pricing across our entire range.

SITE SPECIFIC

- Evacuation Signs
- Traffic Management Signs
- Office / Reception / Stores Signs
- Public Access Signs
- Evacuation Assembly Point Signs
- Vehicle Signs & Fleet Branding

SIGNAGE

Signage is essential to maintain a heightened awareness of health and safety in and around all workplaces and is a requirement of legislation in high-risk work areas.

The signs that DMI Signage & Printing provide comply with Australian Standards. Wherever possible, our designer can customise your signage to reflect your business.

We work with you to provide signage that is tailored to suit your business, meeting legal requirements, setting you apart from the crowd and keeping your staff and clients safe.
